## REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

To the Unitholders  
Riyad USD Trade Fund  
Riyadh, Kingdom of Saudi Arabia

### Introduction

We have reviewed the accompanying interim condensed statement of financial position of Riyad USD Trade Fund ("the Fund"), managed by the Riyad Capital Company (the "Fund Manager"), as at June 30, 2025, and the related interim condensed statements of comprehensive income, changes in net assets attributable to the Unitholders and cash flows for the six-months period then ended and other explanatory notes. The Fund Manager is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim financial information based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

**1. FUND AND ITS ACTIVITIES**

The Riyad USD Trade Fund (the "Fund") is a money market fund managed through an agreement between Riyad Capital (the "Fund Manager") and the investors in the Fund (the "Unitholders"). The objective of the Fund is to seek maximum possible preservation of capital and realize a reasonable return thereon through participation in money market investments denominated in US Dollars that do not contradict with the principles of Islamic Sharia.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund.

The Fund Manager is responsible to manage the Fund. However, in accordance with the Fund's Agreement, the Fund Manager can delegate or assign its duties to one or more of the financial institutions in the Kingdom of Saudi Arabia and overseas.

The Fund commenced its activities 3 October 1990, where the terms and conditions of the Fund were originally approved by the Saudi Central Bank (SAMA). On 20 December 2008, the terms and conditions of the Fund were approved by the Capital Markets Authority (CMA).

**2. REGULATING AUTHORITY**

The Fund is governed by the Investment Funds Regulations (the "Regulations") issued by the Board of CMA on 3 Dhul Hijjah 1427H (corresponding to 24 December 2006) and amended by the resolution of the Board of the CMA dated 23 Dhul Qa'dah 1446H (corresponding to 21 May 2025) detailing the requirements of all funds within the Kingdom of Saudi Arabia.

**3. BASIS OF PREPARATION**

**3.1 Statement of compliance**

This interim financial information of the Fund has been prepared in accordance with International Accounting standard 34 – Interim Financial Reporting ("IAS 34") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") and to comply with the requirement of the Regulations and the Fund's Terms and Conditions.

This interim financial information do not include all information and disclosures required for a complete set financial statements and should be read in conjunction with the annual audited financial statements of the Fund as at and for the year ended 31 December 2024. The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

**3. BASIS OF PREPARATION (CONTINUED)**

**3.4 Critical accounting judgments, estimates and assumption**

The preparation of the interim financial information requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The basis and the methods used for critical accounting judgements, estimates and assumptions adopted are consistent with those used in the preparation of the annual audited financial statements of the Fund for the year ended 31 December 2024.

**3.5 Going concern**

The Fund Manager has made an assessment of the Fund's ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the Fund Manager is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern.

**4. MATERIAL ACCOUNTING POLICY INFORMATION**

The accounting policies used in the preparation of this interim financial information are consistent with those used and disclosed in the annual audited financial statements of the Fund for the year ended 31 December 2024. Certain new standards, amendments and interpretations apply for the first time in 2025, but do not have an impact on the interim financial information of the Fund.

**14. FAIR VALUE ESTIMATION**

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The carrying value less impairment provision of financial instruments carried at amortized cost are assumed to approximate their fair values.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fair value of investments carried at FVPL are based on quoted prices in active markets and are therefore classified within Level 1 and the units of mutual fund held by the Fund are valued based on NAV published by the fund manager.

All financial liabilities as of 30 June 2025 (Un-Audited) and 31 December 2024 (Audited) were classified as financial liabilities measured at amortized cost. The table does not include fair value information for financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.
